

OVERFLOW GRATING CATALOGUE

OVERFLOW GRATING

Unleash your imagination and create your own unique design with our wide range of shapes, sizes and bespoke colors to add to your pool's edge. Not only does our Overflow Grating add an artistic element to your pool, but it also works on keeping it spotless. **It operates as an overflow system that skims water's surface by removing impurities, dirt and floating debris to ensure a safe, hygienic and durable pool life.** The single connection provides flexibility making it fit any pool or spa's shape or size.
